**"Now WE hold a Mortgage
on Canada Ma!"**

"Here we're working harder than ever—but that never hurts anybody. We're working harder and better and putting our money away in Victory Bonds. Now we'll be a lot richer instead of paying it."

"When peace comes we'll have even more good to buy new equipment for our firm—might even get up a new bank—maybe take a holiday!"

"Meanwhile, we can't think of any safer or better place to leave our money than in bonds backed by our country. And we can't think of any better purpose than helping our fighting boys get the jump on the enemy. When we read about our boys and how brave they can be, we can't think of anything but one of the best things we can ever do."

"So that's our plan from now until peace comes. We will work to save and lead. We'll have it to spend later. And we can look forward to getting that new truck and that fine new automobile we're saving for now."

"We'll be laying up for ourselves the best of all investments—VICTORY BONDS—backed by all the resources of the Dominion of Canada; they yield a fair rate of interest; we can borrow against them; and they are readily saleable when we need cash!

NOTHING MATTERS NOW BUT VICTORY..

Buy THE NEW VICTORY BONDS

CANADA NEEDS \$750,000,000 NOW!

HOW TO BUY

Get your money on the Victory Loan advances that accrue on you. Or place it in the hands of any bunch of very busy, or give it to any true comrade. Or return it to your local Victory Loan Headquarters. Or you can authorize your employer to make a regular payroll savings plan for you. Funds may be brought in denominations of \$5, \$10, \$50, \$100, \$1,000 and larger. Salaries, bonds, trust funds, your local Victory Loan Headquarters will be glad to accept your contribution in making your moral force.

WHERE YOUR GOVERNMENT SAVINGS

Royal Purple Lodges

Miss Alma MacPhee of Comox, Supreme Monarch Royal Lady of the Order of the Boys' Purple in Canada and Newfoundland, will deliver a lodge at Victoria on the 24th of November. Mrs. MacPhee has been conducting courses in New York and has this year instituted five lodges in Alberta and one in Manitoba. Deliberate lodge

G.O.R.P. The Order of the Boys' Purple is an endeavor to reach the "lost" boys of the world. The Order of the Boys' Purple has support to the present. Mrs. MacPhee keeps in the closest personal touch with all the G.O.R.P. and every month writes a letter after writing out the activities proposed to her, thus preventing complacency. The lodge is carried all over the world and the G.O.R.P. lodge at Seattle.

Dr. Bentley explained that from the inception of the service in January, 1964, up to the end of 1961.

"We are getting them all," which was the experimental and formative period, donations tallied \$9,068. He realized that this amount proved, he said, that the demand for it from both military and civilian sources increased by leaps and bounds; so much so that the objective for 1944 was raised from an original 2,000 to 3,000, and then to 4,000.

We will be buying again this year at the same place
last year. All producers will have an option of selling either
at our list price, or they will be able to elect an initial price
and then a further payment after Turkey has been paid.

We will outline roughly last year's prices. The State
price offered to Sile, then went up to Sile, and later going to
producers who wished to sell at an initial payment received
at the time of delivery and at a later date we made a further
payment to those producers of 20 pence an lb dressed tur
that were delivered to our Silester plant, and 20 pence a pound
turkeys delivered to us at country yards.

The Christmas turkey market is now really settled, and

The extra vocational coupons will be issued in books labeled "Special", and each such book will contain not more than 50 coupons. Only one "Special" book, or portion of such book, will be issued at a time, and hence the cash value of such special category applicant will be under constant review.

Under provisions of the rationing order, the Civil Control will have the right to refuse any application for a special category, or to suspend any ration book for an infraction of the regulations.

Every motor vehicle, other than a motorcycle, must bear on its windshield a sticker indicating its category. After April 1, service stations will not be permitted to issue gasoline to a car which does not bear the sticker which corresponds to the ration book submitted at the time of the purchase.

To obtain a gasoline license and ration coupon book, secure an application form at your nearest Post Office. Study the form and fill in the information requested therein.

When you receive your ration coupon book, guard it carefully. It may not be replaced if, because of your negligence, it is lost or stolen. Do not leave it in your car keep it on your person at all times.

In the upper right corner, there is a small, light-colored rectangular label with some faint, illegible markings. The overall lighting is very low, making the details of the surface difficult to discern.

where doubt is expressed as to the future value of these bonds. He says he has been asked: "Will we be able to get full value for these bonds or will the financiers grind them down into the ground?"

The answer to such an astonishing question can be given best in the actual prices for which Dominion government bonds jumped during the last war sold during the years after 1918. The further-back record readily available is to be found in the Canadian Annual

Our correspondent questions The Journal's use of the phrase "practically at face value" in discussing the other day the marketability of Victory bonds. "Practically" is correct; earlier Victory bond issues are selling now usually at better than face value, but one is just under it.

Maturity	Bid	Asked

As The Journal said the other day, a Victory bond is a better investment and comes with as safe

one as money in the bank. All are urged to "back the attack" by buying bonds today, and the most eager purchasers should be those who have idle money in a bank. Get it working for victory, today.—*Edmonton Journal*.

FOR IT?

Something that's worth
the thought of a Christmas
to every child in
this world you
can't envision of yourself.

DOING FOR IT?

All you pay for is... And it's something that's worth as much as gold to the average family of a Chicago policeman. Put your money into Victory Bonds regularly. Chips, plans, guns and tanks will crowd your mind a little of glory and Freedom of America.

WHAT ARE YOU DOING FOR IT

Some can fight for it. Some can wait for it. All can pay for it. And it's something that's worth fighting, waiting and paying for. To begin the history of the moment's therapy of a Chinese woman, James Graham Clark laid poetry and philosophy. Put your money into *Venus* Street. Think the *Demers*. Lay your dollars like ships, plains, guns and tanks like clouds over the *Venus* Street. Don't lose your soul across a future of *Plains* and *Demers* of *Plains*.

Are You Doing Your Best to CONSERVE COAL?

Check This List

- Have you had your furnace and pipes cleaned - and any needed repairs made to your heating system?
- Have your windows and doors been weatherstripped and caulked?
- Have you sufficient storm on your windows?
- Have you cut off unused rooms in your home?
- Do you intend to avoid excessive temperatures in your home - 68 degrees by day and 62 degrees at night?
- Will you use your furnace efficiently - getting the maximum of heat for every pound of coal?
- Will you be saving at least one ton of coal to save?

Wen brought many changes to Canadian railways owing to the large number of men who left the transportation industry to join the armed forces of the Dominion. Consequently many lost their positions and having done this previously performed some of the most important jobs of the National Railway who have related to active service. Grant Macdonald, then Canadian chief, found a list of names for the men. Louis Knight, employed as an engine driver, the official dispatcher for coaches who govern the former shipping, wiring and telegraph on powerful locomotives which had heavy loads of water freight. "It's just happened in a different way," he said.

None can fight for it. None can work for it. All can pay for it. And it's something that's worth fighting, working and paying for. So forget the pleasure of the moment; thought of a Government's future makes them look pretty insignificant. Put your money into Victory Bonds instead. Share the Attack. Let your dollars buy ships, planes, guns and tanks that would save the Victory Drive. That's how you can secure a future of peace and freedom of opinion.

A customer bank is the custodian not only of your money on deposit but also of your assets concerning that money.

American banks are in a bind, because the results of their bank account are kept secret. It is called "secrecy" because in protection to the banks and the conditions and relations under which it may be business, are committed to a charter granted and kept up to-day by parliament, the first democratic free institution of government that ever has yet devised. This charter is an Act of Parliament laying down all of the conditions which safeguard your money.

You comprising chartered banks are the very opposers of the term Monopoly even as would come about if all the banks were rolled into one by nationalization. Under that Monopoly, if you failed to get accommodations at the very bank, you could not go to any one of nine others to seek it. You are telling

THE Independent Bank ROUND THE COUNTRY

WANTED: THE STABLE DOLLAR

There are two dominant features in your life. One is your intellect and the other is your emotions. At a general rule the emotions dominate, because people get more fun out of their feelings than their intellect.

This is follows that the politicians who can appeal to the emotions win the election. Thus, the slogan of the politicians bid in Alberta have been won by the emotionality slogan. Yet if there is one thing more than another that should demand the hard-headed business sense, it is politics, or in other words, the government of the country.

Here is a sample of what I mean in speeches which appeal to the emotions rather than to the intellect:

My fellow citizens: Far be it from me to appear before you in a position of supplication. I have the deepest respect for you and we have been able to do better than you and I, provided they have made their way honestly. But decades before me in this large and appreciative audience, there are many who are acquainted with members of the financial interests. They told me, neither do they stay, and yet they live on the fat of the land. Where do they get it? Ah my friends, you and I who have labored away and take upon the farms of our province and who have once won the admiration of the world by the drought, we know where they get it. They get it from you and me, the only ones they can get it.

If I like to be, if there are any among us—there are any in this audience who are not—I am a large number of people, I tell you, I know it, we are poor and struggling and the financial interests have got it. Now we do not ask for it, but we need it. We need it for our right of life that God in his infinite goodness meant that we should have it. We need it from them or only part of it? (Great applause.)

My friends, God intended man to be a social animal. He himself made himself alone but he should live for others. Do the financial bigwigs in this country, do you, do the great financial corporations and the banks which have been taking the poor for the past thirty-five years, live for others? You know the answer, they live for themselves and for themselves alone. You go into our banks and spend thirty dollars from your hard-earned savings, won by the sweat of your brow, and you find when the bankers are holding cocktail parties or driving around in their limousines. Then these game bankers take your money and make more money out of it than you have done, but by putting a fountain pen in the hands of the banker, he makes and makes an enemy in their books. The banks of Alberta control the money of the people. It is not their credit which they are proud of, but their money, their money to you. You earned it by your hard work and then you have borrowed it and held their paternal hands and saved their money and used their money in California or Victoria.

Then they have come around here and ask them for a loan of a thousand dollars, you have no credit, they have no credit, you have no credit. They want the money, money, money. They say the money is not theirs, but they are bringing it to their money, but there are mighty things in the air, my friends, the Canadian Commonwealth Federation is not a credit to be proud of, it is a credit to be proud of, we must to give their money to the people, not that they can say money, money, money. The Commonwealth Federation is the view that the banking system should be in the hands of the people.

The above speech would draw fire from audiences anywhere in Alberta and was indeed a most similar one during the 1935 election campaign. It gives the impression that since that we have to do to change the ownership of the banks and the banks, the complete control and operation of the Government.

Now the Independent is not arguing one way or the other about the ownership of the banking institutions. We simply point out that credit is not to be given to bank ownership. Credit is an individual concern which is not to be given to themselves, and the banks do not take it away from them.

In the early days, some of the provinces started provincial banks and the Independent bank of Ontario was one of the largest centers in Canada. But that bank was a public ownership, gave the people of Ontario more credit than any other bank in the country and the individual who could not borrow from the bank was more successful in getting credit from the Independent bank.

If we turned over chartered banking to

The damages claimed by a woman who fell on an uneven sidewalk were substantial. The owner of the property had the best intention; he wasn't setting traps for the public. But he was held liable.

If owners or lessees of residences and business properties realized their constant exposure to damage suits on large verdicts, all would be adequately insured.

Public Liability insurance is expensive.

THE WIFE OF Mr. A. Hargrave, at the home of Mr. R. Forchman in Illinois. Mr. Hargrave was married at the Lake Co-operative Store 11½ years ago.

There was a case (about) at the case last Friday night. A short summer program was held during the summer here, they had no entertainment. The program was in the case of Mr. Hargrave, they had Mr. and Mrs. C. Jamison, doctor; and to Miss Marya Palm, piano soloist.

Mrs. L. Day mentioned to Elizabeth Thomsen to bring her daughter (sister) home, who had been in the case at the business school.

Mr. and Mrs. J. Taylor and family of Chicago were others in the district last Sunday.

born of the secret and that in 1894, on Thursday, July 27, he was born near Hovea, Iowa, on August 1, 1909, so that he had never reached his fifth birthday. He was married to Ruth M. Hadden at Chatterline, Iowa, in 1897, and by her he had a daughter, Mary, born in 1904 and Mr. and Mrs. Berge moved to Fresno, California. As yet, their daughter is unmarried, and they took up a homestead south of Oxnard, and in 1910 moved to Oxnard, where Mr. Berge obtained a hardware store for several years, and they then moved to Los Angeles, where Mr. Berge is Co-operative Slave up to 1924.

In 1924, they decided to move to California once more and establish a home in the Los Angeles territory, but remained only a month, returning to Shafter in 1925, where Mr. Berge had obtained a dairy farm near what we now a number of years.

Mr. Berge has been married to all and shows that time Mr. Berge has retired from active work and is the best example of years and with on playing with Mr. and Mrs. B.

active affairs of the Law district. The funeral took place at the Central Church in Baiter on Sunday, July 20th, the services being charged by the Rev C. C. Paulin, and he was buried in the family lot at Lakeside Cemetery.

The passing of Mr. Bergeson is regretted by a host of his friends in town and country as he was a man he had a purpose for living, and he has touched imagination, and his passing was appreciated by all.

The regular July meeting of the Casser School Division was held on Saturday, July 10, 1937, at the home of Miss A. H. Miller. Thos. W. Halpern, Mayor, present with the following:

The minutes of the previous meeting were adopted as read. An agreement was entered into with the Casser School Board to provide Casser School for the next school year.

It was decided to spend three weeks at the Casser School during the Casser School year, the salary of the instructor to be paid on a pro rata basis according to the amount of time spent in each school, traveling expenses to be equally shared. Messrs. A. O. Gipe and H. Miller have been authorized to move the school on to the Casser grounds for a Casser School year.

 IRCH NOTES

[illegible]

But now, that's the way to do it. The word "and" is the key. It's the word that connects the two ideas. It's the word that makes the sentence a compound sentence. It's the word that makes the sentence a complex sentence. It's the word that makes the sentence a simple sentence. It's the word that makes the sentence a sentence at all.

YOUR DREAM IS
EASY TO REALIZE

Ministry Radiography, is a method of examining the heart and lungs which has been made possible by the modern camera using a high angle lens. It works as follows: the X-ray tube sends rays through the patient's chest and they form an image on the sensitive X-ray screen. The special camera with design-4 X-ray units are being manufactured, and in use throughout Britain. Two of the sets are to be sent to Russia by the British Ministry of Health in replacement of two already sent but unfortunately lost at sea).

The figure shows a network topology where nodes are arranged in a grid. The total number of nodes is denoted as \$N\$, and the total number of links is denoted as \$L\$. The diagram illustrates how the network structure evolves as \$N\$ increases, showing a transition from a sparse network to a more dense one.

It's a Little Thing but a mighty important emblem of Victory

Yes, indeed! Wearing the Victory Loan Emblem is a sign that you have recognized the urgency of your Country's need, and pledged yourself to answer the call for more and more help for our fighting men—more and more money for ammunition, supplies, and all the other paraphernalia of war, which pave the way for peace. Take pride in being one of that great company of patriotic citizens who wear the Victory Loan Emblem as a token of Victory.

WHO, indeed, doesn't look forward to the good things of tomorrow — when peace comes again? Yet we cannot for as fastidiously value our vigilance — not so long as there is a single armed enemy soldier at large — (Nazi or Jap)!

We must fight to the end and the battle against waste; we must keep production at its highest pitch; we must save brains and waste paper and metals; we must conserve gasoline and rubber; and, above all, we must continue buying and keeping Victory Bonds and War Savings Certificates.

Does a soldier lay his rifle down when enemy missiles shriek for a moment? *No! And no more may we at home relax our help by cashing in our Victory Bonds.* They represent a pledge to our government and our fighting forces that we will back them to the last. This we must do.

Let us all be men who think of tomorrow — of losing our home from hostile hands today!

ROUND THE COUNTRY

But the fact remains that there has been a distinct change in the movement of our population. The cities are emptying out from the towns and villages to the country instead of from the country to the villages, towns and cities.

Undoubtedly more property on the farms of the country is the chief reason for this. The cities are emptying out, where they will make a good living. The forces that move them along are chiefly economic.

But this is not always the case. When a man leaves a good job as a bookkeeper, or a clerk, or a salesman, to go to a farm, it means he wants a different way of living. He is fed up with the monotony of city life. He wants to get out into the fields, where there is always something new, and where there is no time-pressure to check him up. He wants to get out of the city. He knows this life is a fair living in a job that suits us is about all that most of us can expect.

farmer. He is Herbert Price, the district agricultural officer for Stettin and district, had two winning teams at the judging competition this year and that he had been a member of all of the nine provinces won to 17-year-old Kenneth Puffer and 16-year-old Clarence Puffer, both of the Stettin district.

Then the second team, made up of 18-year-old Sheridan Clark and 16-year-old Gerald Leisner of the Erasmushof district, ranked third of the nine provinces in the judging of saws.

Now these are outstanding achievements, because there are scores of clubs in each province and probably a number of teams in each club. But the point just now is that the boys are doing well in the work when farming commenced in Alberta in the early years from 1902 to 1908. There were no good boys back then, but the work of agriculture. Everything had to be done by the method of trial and error, and it is no wonder that the boys of today are doing

cleaned—and kept clean. Have any necessary repairs made promptly.

AVOID HEAT LOSSES. See that storm windows and doors fit snugly—and are properly weatherstripped and caulked. Put them up early. Insulate wherever necessary.

GET EXPERT ADVICE. A plumber or heating engineer may be able to save you as much as half your coal bill. Skilled workmen and supplies are scarce, so act promptly in getting any services you need.

Does hairdressing deteriorate a skin?
The effect on young skin?

There is a great deal of talk about the effect of hairdressing on the skin. The fact is, however, that the hairdressing profession is one of the most healthful and hygienic of any. The hairdressing profession is one of the most healthful and hygienic of any. The hairdressing profession is one of the most healthful and hygienic of any.

Enterprise
GENERAL MOTORS

General Motors, despite varying origins and backgrounds, had one thing in common—this year—the greatest future for progress ever known. Enterprise which developed and captured Canada, developed and utilized her resources, built her cities and populated her domain.

Enterprise which created General Motors to become, in power, producer of over a million vehicles each and trucks—in use, a mighty colossal engine house for a fighting people.

To meet the challenge of tomorrow, the enterprise and initiative of General Motors will create better, make improvements, but communities more closely together, provide faster, easier distribution of goods, thus helping secure the nation and her people of a rich and splendid future.

Government of Atlanta

IT'S EVERYONE'S JOB

An absolute **Post-It® "WORK FILE"** organized and ready to serve, is really important, not only to the welfare of our customers, but to the success of our business. And that's why it's one of the most important of all our jobs. The best way, therefore, that everyone will give their best is to have the **Post-It** record a **Workfile** in the survey center that he serves.

WATCH FOR THE SURVEY QUESTIONNAIRE

The **Post-It® "WORK FILE"** survey staff must meet with their technician sections from the 13 Regional Survey Committees throughout America with someone like his Post-It-Working staff.

AN INTERVIEWER MAY CALL ON YOU

IN STRICT CONFIDENCE

All information given in your answers on the questionnaire and to the personal interviewer will be held in absolute confidence. In conclusion, since the information covered by the questionnaire of your fellow African you will be interviewed, it will be tabulated and become the foundation of Africa's Post-War Reconstruction Plan.

WOMEN IN PARLIAMENT

Lady Astor has retired from the British House of Commons. She says that her husband thought that the life of a politician was the worst of all. She is a woman of many talents and has been a member of the House for many years. She is now a private citizen and is spending her time with her family.

Next to parliament, we have our financial institutions, and no woman could run a financial institution. It is a man's world. Women are not allowed to be in the same way as men. They are not allowed to be in the same way as men. They are not allowed to be in the same way as men.

France was not ruined so much by the Germans as it was by the French. The French were the ones who ruined France. They were the ones who ruined France. They were the ones who ruined France.

Women are not allowed to be in the same way as men. They are not allowed to be in the same way as men. They are not allowed to be in the same way as men. They are not allowed to be in the same way as men.

Women are not allowed to be in the same way as men. They are not allowed to be in the same way as men. They are not allowed to be in the same way as men. They are not allowed to be in the same way as men.

Women are not allowed to be in the same way as men. They are not allowed to be in the same way as men. They are not allowed to be in the same way as men. They are not allowed to be in the same way as men.

Women are not allowed to be in the same way as men. They are not allowed to be in the same way as men. They are not allowed to be in the same way as men. They are not allowed to be in the same way as men.

Fun And Facts

It is well known that a number of men in the world are very much alike. They are all very much alike. They are all very much alike. They are all very much alike.

Secretary: "Do you know what time I have to get up to go to work?" "Yes, I know," said the Secretary. "You have to get up at 7 o'clock."

London—Ever before North America has been so interested in the life of a woman. The life of a woman is now a very interesting thing. The life of a woman is now a very interesting thing.

There are seven million people in the world who are not allowed to be in the same way as men. They are not allowed to be in the same way as men. They are not allowed to be in the same way as men.

Women are not allowed to be in the same way as men. They are not allowed to be in the same way as men. They are not allowed to be in the same way as men. They are not allowed to be in the same way as men.

New Westminister Men Expect To Make First Flight Soon

Several men at New Westminister, British Columbia, are building a "flying windmill" of their own design which is of a more modern helicopter type. It is obtaining both lift and forward action from two counter-rotating propellers mounted over the fuselage.

The rudder and ailerons control the direction of the craft, and there is a tail rotor.

... automobile engine.

Lacking priority rating, the 1988 model is available only at dealerships and auto wreckers. The dealerships are expected to make a trial flight soon. If successful, it will be the first Canadian helicopter to be built in Canada.

\$315,000 QUOTA FOR 8th LOAN

Farmers Are Urged To Make Applications Now

It was announced by Victory Loan Headquarters this week that the 8th year's quota is the \$315,000 loan quota. This is an increase of \$100 over the 7th Victory Loan quota and it is expected that the district will have to put forward an effort to use the loan. However, the quota is not higher than that reported and campaign officials are confident that the loan will be used to the limit, if all citizens will subscribe.

The loan gets underway on Monday, April 29th, but applications can now be made and subscribers have already begun making their applications. The entire quota is being urged farmers to make their applications before sending in, in the 7th Victory Loan. The quota is being urged and being urged to borrow their money again, as without

Babies Are Used As Bait

Bomb—This is a city of children and mothers, but the most deplorable racket of them all is the new form of baby-baiting on a large scale—using the lives of a considerable number of babies.

Unscrupulous mothers and fathers are trading and selling their own children for the sake of money, or for the sake of a few dollars. The law, however, is a woman dressed in filthy clothes, gets a weekly \$1000.00 out of the racket through the mail service.

Of course, the children are not sold, but are used as bait for the purpose of getting money. The children are sold for the purpose of getting money, and the children are sold for the purpose of getting money.

Meeting Stettler School Division

Minutes of meeting April 14, 1945

The meeting opened at 8:30 a.m. with the reading of the minutes of the last meeting. Mr. Chas. Chery also was in attendance.

Mr. Anderson: That in the absence of Chairman Robinson, Trustees should take the chair for the meeting. Carried.

Minutes of the last meeting were read.

Mr. Anderson: That the minutes be adopted as read. Carried.

Report on Students of Last Meeting

Report on formation of local schools in the New Year were examined. Satisfaction with same was expressed. The draft of letter of appreciation was approved and no motion of Mr. Anderson was made.

Matter of inclusion of students was raised again. This question was held over until the next meeting as all Trustees had not completed their reports.

The question of provision of secondary education within the Division was reviewed in the light of Department's summary of its investigations on favored plans. Discussion centered on desirability of avoiding duplication of schools of the type used in village and consolidated districts. Further reports on the matter were ordered.

Mr. Chery extended his regret that change in residence prevented him of the pleasure of giving public service as a member of the Divisional Board. He wished to assure the Board of continued interest in the property of the Division and that he was ready at any time to help the officials of the Division in the good work they are doing for education.

Mr. Anderson: That the Board receive its high appreciation of Mr. Chery's faithful services as a member of the Divisional Board, extending continuously from the inauguration of the Division in 1935 and its regret on having now to lose same. Carried.

Minutes for receipt of nomination for election for Trustees for Subdivision I were discussed.

Mr. Whittier: That date for receipt of nomination be set at April 18th, and date for election, if any, be set at May 19th.

ROUND THE COUNTRY

8th VICTORY LOAN

The 8th Victory Loan Campaign started on Monday, April 23rd, and this will be the last Victory Loan before the final defeat of Germany. We have travelled a rough road since the 1st Victory Loan was announced in June 1941. At that time the outlook for the United Nations was far from bright. The countries of Europe had been over-run by France, Denmark, Holland, Belgium and Norway were in the hands of Germany, and Great Britain had fought off the attack of the German air force for over a year.

In August of that year, the Canadian made the historic invasion of Europe, and the 8th Victory Loan was launched during 1942. The people were confident that nothing so grim as the fate of the Allied forces was awaiting them.

So it went on during the 1st Victory Loan campaign, but after the 2nd Victory Loan in the fall of 1942, the prospects of the Allied Nations were definitely improved, and as the 3rd, 4th, 5th, 6th, The righteous cause of freedom has prevailed in Europe... as it must throughout the world when final Victory is won. To our men and women in every branch of the service... all glory and all praise. To the memory of those who died... our warmest prayers.

To those at home who have given so much to bring about Victory... our humble thanks.

and John Brinchen, "and I am a
justified of our day—the unfairity small share
national income the farmer receives from
and farm workers." "I am a farmer and
ment of vision," he added. "When the injustice to the
farmer is removed, the economy of Canada as a whole
will be strengthened."

No one could be less parochial in his outlook—more
deeply concerned with national welfare than John
Brinchen, the farmer who endeavored twenty years ago
on a career so successful as to be without precedent in
contemporary political history within the British Com-
monwealth of Nations.

WHAT IF IT DOES RAIN?

JUNE 11

DECEASED now that nothing is going to stop you from coming your own Election Day... neither rain, nor pressure of business, nor the thought that your vote isn't important.

Because it is... so important that through few long years of war men have died to preserve this priceless heritage... our right as free men and women to choose our own leaders.

This is the mark of a good citizen

THE ROYAL BANK OF CANADA

John Bracken says -

"It is not forerandom that farmers shall work for less pay than anybody else; or have their children receive only one-quarter the chance of a secondary education, or one-third the chance of a university education than other children; or see their wives forced into lives of toil, often 12 but sometimes 14 hours a day. Sundays and holidays included... The trouble is that no one with the necessary authority has determined to correct the basic economic ills of Agriculture."

BRACKEN WILL ABOLISH INJUSTICE TO FARMERS

John Bracken, the farmer, is not content, merely to point out the injustices of which he, and every other farmer, is only too well aware. He is determined to abolish these economic ills, these injustices, immediately and permanently. John Bracken guarantees definite PROTECTION for farmers against income collapse and wide extremes of income fluctuation:

- The Farmer shall be guaranteed a just and proportionate share of the nation's income.
- This will be done by a system of fair prices to be announced before the season of production. The farmer will then carry on with the assurance that he will receive a just share of the national income. He will thus

have money to buy farm implements and provide for comfort. His own living standard will be permanently raised and he will be able to contribute to community welfare.

- We shall re-establish a Natural Products Marketing Act.
- We shall appoint a Board of Livestock Commissioners in which shall be vested power to regulate and direct all aspects of livestock marketing in somewhat the same manner as the Board of Grain Commissioners regulates the handling of wheat.

These are only the highlights of the Bracken Party's pledge to Canadian farmers. John Bracken in his fight for farmers' rights.

Marshall Elected in Congress

James Marshall, the Seattle candidate had no difficulty on Monday in retaining the seat which he has held since 1933. With 160 out of 169 polls heard from, Mr. Marshall has a total of 8,471. Mr. Forsyth, Liberal candidate has 3,477; Mr. Manning, C.P. has 1,521; and Mr. Brown, Progressive Conservative has 1,731.

This result, with ten polls to
four, gave Marshall the im-
probable victory over the in-
dependent candidate and a majority
of 248 over all three. His work, the
Independent will publish the result
by polls and no doubt there will
be some changes in the totals, al-
though not a great deal, considering
that only ten polls are sched-
uled.

Marshall Town of Seneca
Marshall also carried the Town
of Seneca with Marshall 10
against, and Brown 7. The re-
sults by polls were as follows:
Marshall, 120; Brown, 120;
Paranda, 12; Brown 60, Seneca.

The essential work of our legislature is usually in no way different, except in quantity, from that done by the legislatures of all districts, urban and rural. Under these circumstances, the party system should not have been introduced into the legislative field at all. It was established here for no other reason than that the old-line parties wanted to get a foothold in Alberta to balance up federal organizations.

Nevertheless we should not desire ourselves with the party system. The reason we have had here since the Liberals won in 1905, was not party government. They

Closed by Bomb

When in British Legion, This Day in 1943

Although they kept their heads under the British Legion, the women are finding great difficulty in keeping their heads. As a result, there is a heavy loss of the women and girls who have been killed and due to shock caused by the bombing and the earlier bombing on the 11th.

All the ladies who have been killed have their heads buried up until the end of the year. Priority is being given to the women who are in the hospital in preference to women who are still in the hospital.

A doctor said that the medical profession does not know the reason why people lose their hair through shock, but it is most common among women.

Big Fleet of New Locomotives for War Duty

When in British Legion, This Day in 1943

Although they kept their heads under the British Legion, the women are finding great difficulty in keeping their heads. As a result, there is a heavy loss of the women and girls who have been killed and due to shock caused by the bombing and the earlier bombing on the 11th.

All the ladies who have been killed have their heads buried up until the end of the year. Priority is being given to the women who are in the hospital in preference to women who are still in the hospital.

A doctor said that the medical profession does not know the reason why people lose their hair through shock, but it is most common among women.

The value of stirring the milk is a matter of common-sense knowledge on the farm, but the idea that equally good results may be obtained by stirring the milk in a bucket and not so well known. In stirring milk, however, there is a risk of adding bacteria if the stirred milk are not thoroughly washed and sterilized. The better method, therefore, is to stir the driver by means of a gas-petrol driven by a small windmill.
